THE STORY BEHIND THE PRODUCTS

Hei! I'm Line

You've tried everything... So have I.
I understand.

Endless creams serums retinols derm visits

and every so-called "holy grail" product... only to be left with irritated skin, an empty wallet, and more disappointment.

I decided to look closer... What did I find? Harsh ingredients, complicated routines, and an industry designed to make you addicted.

That's why we created Frøya.

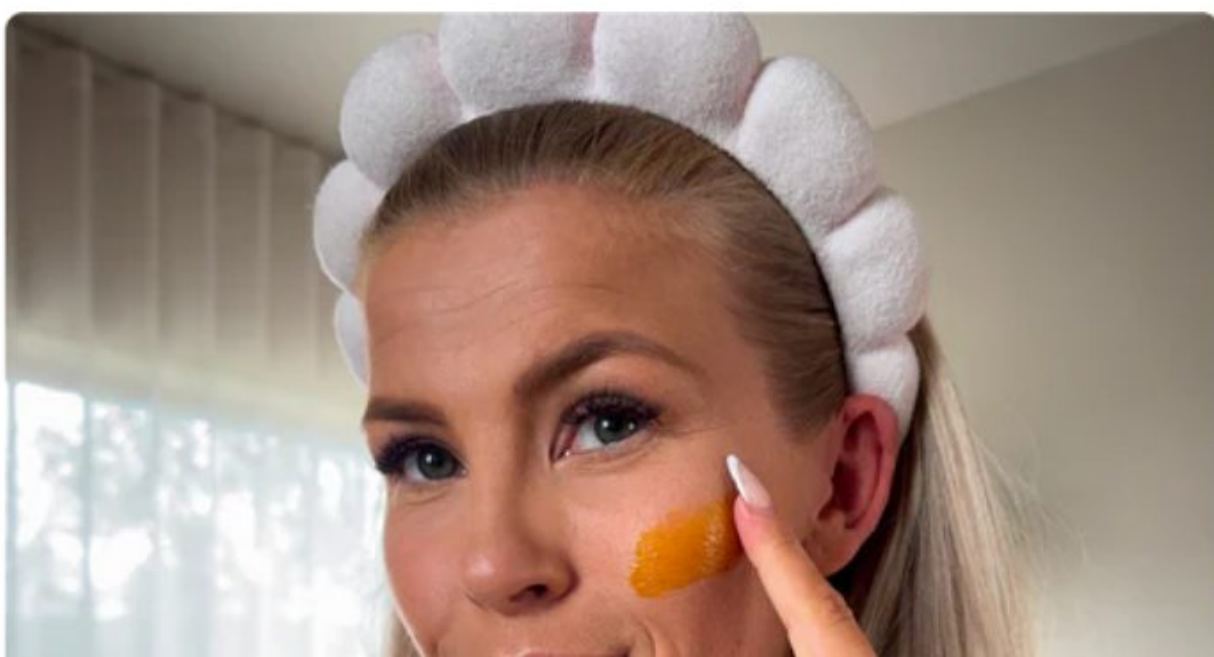

Frøya is unlike anything you have ever seen or felt. Look at the products. Pure Arctic plant extract and beeswax mixed together purely to take care of your skin once and for all.

No false claims. No filler ingredients. Just pure, powerful botanicals and Arctic ingredients that work with your skin... not against it. Look at our reviews; no skincare brand has reviews like ours. **We have helped 581,833+ women the last time I checked!**

I don't expect you to take my word for it. That's why every system comes with a **100% money-back guarantee.**

If you don't love your skin after using Frøya, just let us know. No hassle, no stress.

If you're ready to finally see a difference, take a before-and-after photo! You might be sending us a message in a few weeks saying, "I can't believe I didn't start sooner." Like 1000s have done before you!

Why Arctic Plants Are Incredibly *Powerful*

1. MUST SURVIVE COLD, DARK, HARSH WINTERS

The arctics have winters of -40°F to -58°F (-40°C to -50°C) and no sun. To survive this and deep snow the plants need to be resilient.

2. 24/7 MIDNIGHT SUN DURING RIPENING WINDOW

The plants need to bloom fast because of short summer. So they push all the nutrition to the leaves at the same time thanks to 24/7 midnight sun.

3. COMPETES WITH OTHER SPECIES

When plants grow in the wild they need to fight off other plants and insects in a diverse environment. Making them strong.

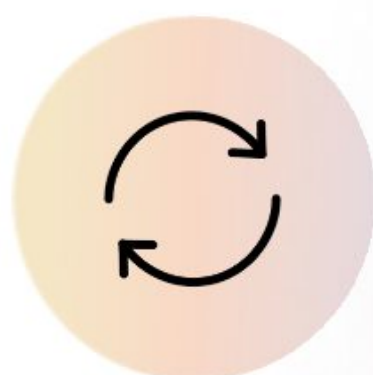

BEAUTY IN RELIEF

Our products work by healing the skin barrier. This give a sense of comfort, and relaxation to the skin.

ARCTIC INGREDIENTS

Our ingredients are hyper potent thanks to the harsh climate and the midnight sun.

GOOD FOR YOU, GOOD FOR NATURE

Our skin & soul thrives when we live in symphony with nature. We are cruelty-free & pro nature.

Carla Dumont

I've been using now 7 days...these little jars of magic are just that. I know to , the health of my skin has improved. That alone is important. But what I didn't expect in 7 days was for the tuff lines to soften up. These balms are truly special

Alison Anne Moore

I'm 68 and have been using these products for about a month. I was skeptical at first but I was looking for a minimal step skin care program that was totally natural. I can not tell you how pleased I have been with the condition and appearance of my skin. My wrinkles are less noticeable! My skin is softer and has a beautiful glow! It is a little pricey but a little goes a long way. I'm still on my first order. I highly recommend!!!

Amanda Ralstin

[Camilla Tierney](#) nope. I'm being honest. I didn't have a ton, but they are greatly diminished. My laugh line on the left side, way less visible, crows feet not visible at all unless I force them. Forehead wrinkles greatly diminished and barely visible. I think it just hydrated a lot and plumped, but results have maintained for me. My skin was in need of a lot of hydration and nothing I have tried before worked.

I don't write a review/comment to bullshit anyone, but way to be a positive, uplifting member of society. Thanks. 😊

Stacy Kern

I've just started using this system...like just last night and this morning! Already received my first compliment this afternoon!! Was shopping and a woman stopped my cart and

my first compliment this afternoon! Was shopping and a woman stopped my cart and asked me what makeup I was wearing and told me I looked soooo beautiful (I'm almost 68). Very rarely does some one stop me like that. I was stunned! Thank you Froya! Can't wait to see what tomorrow brings! 🥰🥰🥰🥰

Adam White

I'm a guy who uses the wrinkle balm. Since I've been using Froya, I get regular compliments at 35 and I've never gotten a compliment on my skin in my life. At Friendsgiving, I had a table full of my female friends inquiring on my routine and listening in while I told them all about my Froya journey.

Brianna Rose

This stuff is insanely effective. It's only my 3rd day of using it and the improved clarity and hydration is actually insane. I've been using a much more expensive brand all last year (think close to \$400 per bottle), and Froya literally puts them to shame with an entire line for less than \$150

Leslie Graham

Got my order on Monday. Used it Monday on, Tuesday am & pm and Wednesday my husband said ' you look beautiful & you're skin looks firm and bright. What are you doing different?' I'm sold! Almost week in and my sensitive senior skin looks better and is more comfortable than it's been in years! Love it!

Nancy Kinnett

The mature skin line. Excellent results...softer skin, smaller pores, diminished wrinkles around the eyes.

Bette Sidloskas

My skin has never felt better. I'm amazed at how little of the product you have to use. I'm 72 and love these products!

demblonders I'm loving my skin!! I will be 66 in January and I am wearing less makeup after only a week!! my coworker who does not complement anything told me yesterday that I looked glowing!

Chelsea Ariew

Been using this for less than a week. It's magic. My dry Colorado mountain skin feels soft again!

Marlene Byeseda Coogler

I was skeptical, but broke down and made the purchase. I LOVE this stuff. I live in a harsh climate in Montana and it has transformed my skin!

 **kellymariedonlan** The best lil products I've bought for my face. I legit get compliments on the glow. Highly recommend! So worth it too, they last a very long time.

Ellen Meyer Wenker

What nobody mentions is how much space and time you save! I had 6 drawers full of stuff, now it's only the six Froya canisters in one drawer. I also used to spend so much time with a complicated regimen, now I am done within five minutes morning and evening. My favorite product is the scrub, I wish they had a large tub for sale, to use in the shower or bath.

Rating: 5 | Review Text: I just received my 1st box last week. I must say that Froya is a dream come true for my skin. I'm 72 and thrilled to finally find a natural product that I must say "where have you been all my life" or shall I say "better late than never". I am joyful beyond words to have found your amazing Froya Organics I had to thank you with this note of gratitude. 🌿

 **Carolyn D'Agostino**

Finally got mine... wow. I am amazed. My skin looks amazing after only 5 days!

 **Sonja Wendell Hughes**

63 and I have used it for 2 months & my other face care stuff away

THIS gives you beautiful glowy moist skin and a really beautiful texture. Thumbs up!

 **donna_marie_burger** I ordered mine about a month ago.. I can honestly say I see results I threw all my other products away and consistently used just this one. I'm very happy with it so far.

 **Katherine Kronengold**

I'm very happy with these products! I've been using them for about a month now. I'm a 51-year-old breast cancer survivor. Because of my cancer meds, my skin has been suffering. These products feel like they have restored my skin to what it felt like 10 years ago. I'm thrilled! I also use tallow for moisture as I need more hydration support.

 **Sid Sri**

I have been using it for a week. And honestly the best thing ever. I am just a regular guy who swears this ad on Facebook and purchased it. It works. It works really well. Finishing harsh chemicals. This is organic and just use it. It's really working for me. I used so many other things before but this is the best by far.

Effortless, effective skincare.
Because great skin shouldn't be
complicated.

Daily routine – Morning & night BALMS

Apply a small amount to clean, dry skin. Our formulas are rich in botanicals, no fillers, no water, just pure skin-loving ingredients. A little goes a long way!

Exfoliate SCRUB

Use 2-3 times a week in the shower. Before getting in, add a small amount to your dry palm, mix with

water, and gently massage your face. Avoid introducing water into the jar, keep it dry for lasting freshness.

Targeted care when you need it **BALM FOR DRY, ITCHY SKIN**

Apply 2-3 times daily to clean, dry skin. Use a thin layer and reapply frequently throughout the day for best results.

JOINT & MUSCLE BALM

Massage into sore joints or muscles. You'll feel a light tingling, that's the balm increasing blood flow and starting to work immediately.

Keep it simple. No extra products needed.

Skip the extra cleansers and face washes, your skin doesn't need them. Overwashing strips natural oils, leading to dryness and breakouts.

Let your skin breathe, and let Frøya do the work.

**Why women are
moving in shuttle to Frøya**

Why Arctic Ingredients Are *Incredibly* Powerful

THE DARK, COLD, HARSH ARCTIC WINTERS

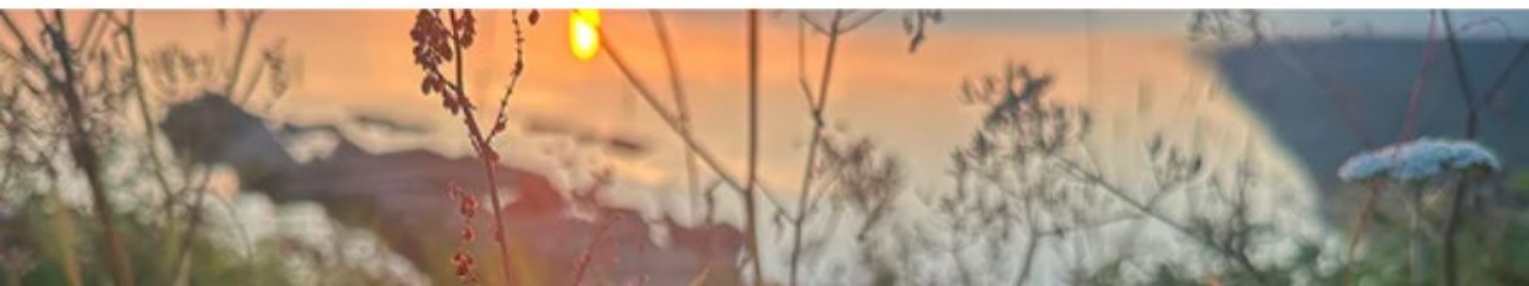

The arctics have winters of -40°F to -58°F (-40°C to -50°C). These plants don't get any sunlight for up to 3 months! To survive this and deep snow the plants need to be resilient.

SHORT BUT INTENSE RIPENING WINDOW WITH 24/7 SUN

During summer the sun never set. So they collect and push all the nutrition to the leaves at the same time.

Better Skin In 60 Days Or Money Back

In Frøya's realm, where sky meets earth,
She harvests herbs of ancient worth.
Her hands weave fate, the leaves she
takes,
From fields that glow as daylight breaks.

Her potions mix with northern light,
Ease pain of day and soothe the night.
In jars that hold the forest's balm,
All ailments bow to Frøya's calm.

By twilight's fire, her elixirs made,
Outshine the morning's freshest glade.
Drink deep, ye maidens, from her brew,
And let thine ageless grace renew.
