

ANGLE 1 — Attraction-Driven Fragrance Rituals

WHAT IS THE MEANING OF THE ANGLE?

Your fragrance isn't random — it's intentional.

Each scent is designed to attract a specific energy (love, abundance, clarity, peace) and transform your home into a space that aligns with what you want more of.

WHAT REAL PROBLEM DOES IT SOLVE?

Women feel disconnected from their space and want it to support their emotional goals, not work against them.

This solves the feeling of:

“My home doesn't feel like the energy I want to live in.”

3 PAIN POINTS THIS AUDIENCE IS HAVING:

1. They feel energetically stuck or emotionally overwhelmed.
2. Their home doesn't reflect who they're becoming.
3. Candles/diffusers they've tried smell nice but don't feel meaningful.

3 REASONS TO BUY FROM US:

1. Every scent is crafted with a specific intention — love, peace, clarity, abundance.
2. The fragrance becomes a grounding ritual that aligns her space with her goals.
3. Maison Croyez transforms scent into an emotional and energetic tool—not just aroma.

EXAMPLES:

- “Your home is already manifesting something — choose what it attracts.”
- “This isn't fragrance. It's alignment in a bottle.”
- “This is the scent I use when I want more love... and this one when I want abundance.”

ANGLE 2 — The Compliment Effect

WHAT IS THE MEANING OF THE ANGLE?

This angle focuses on the social payoff: people walk in, pause, and say, “Your home smells incredible.” It positions Maison Croyez as the simplest, most reliable way to create an unforgettable first impression the moment someone enters your home.

WHAT REAL PROBLEM DOES IT SOLVE?

Women want their home to feel warm, intentional, and impressive — but most fragrance solutions don’t create that “wow” moment.

This solves the problem of: **“I don’t want my home to smell average when people visit.”**

3 PAIN POINTS:

1. Fear of guests noticing bad or “flat” smells.
2. Their home doesn’t leave a memorable impression.
3. They’ve tried scents that disappear before anyone arrives.

3 REASONS TO BUY FROM US:

1. Our scents are soft but room-filling — guests notice instantly.
2. The fragrance lingers for days, not minutes, so the home is always “guest-ready.”
3. Maison Croyez gives her a signature scent that makes her home unforgettable.

EXAMPLES

- “People won’t know what changed — they’ll just feel it.”
- “The scent that makes guests stop mid-sentence.”
“Your home will smell expensive — even if your scent budget isn’t.”

ANGLE 3 — Clean, Non-Chemical, Long-Lasting Scent

WHAT IS THE MEANING OF THE ANGLE?

This angle highlights the purity, safety, and longevity of Maison Croyez fragrances — organic, hypoallergenic, gentle, and powerful. It positions our scents as the elegant alternative to harsh, synthetic-smelling fragrances that fade quickly.

WHAT REAL PROBLEM DOES IT SOLVE?

Most fragrances smell fake, vanish in an hour, or release chemicals people don't want in their home.

This solves the fear of:

“I don't want to fill my space with synthetic scents that could be harmful.”

3 PAIN POINTS:

1. Scents that smell chemical or artificial.
2. Fragrances that disappear too fast.
3. Sensitivity concerns for pets, kids, or family.

3 REASONS TO BUY FROM US:

1. Our ingredients are clean, hypoallergenic, and refined.
2. Scents fill the room quickly but stay soft and elegant for days.
3. Every fragrance feels luxurious — never harsh, synthetic, or cheap.

EXAMPLES:

- “Finally, a scent that smells expensive — not chemical.”
- “Soft, clean, long-lasting fragrance.”
- “It lingers for weeks... without overpowering your home.”

ANGLE 4 — Instant Luxury (Five-Star Hotel Energy)

WHAT IS THE MEANING OF THE ANGLE?

This angle positions Maison Croyez as the simplest way to make any home feel like a five-star suite. One plug-in instantly elevates the entire space into something warm, rich, and intentionally designed — without buying décor or remodeling.

WHAT REAL PROBLEM DOES IT SOLVE?

Women want their home to feel luxurious, polished, and elevated — but décor, furniture, and renovations are expensive.

This solves the frustration of:

“My home doesn’t feel as expensive or elevated as I want it to.”

3 PAIN POINTS:

1. Their home feels plain or unfinished.
2. Expensive décor upgrades aren’t realistic.
3. Candles and sprays don’t create a “luxury vibe.”

3 REASONS TO BUY FROM US:

1. Our scents are inspired by five-star hotels and luxury retreats.
2. One diffuser transforms the mood of the entire room instantly.
3. It makes any space feel “designed” without spending thousands.

EXAMPLES:

- “Your home. But five-star.”
“The easiest luxury upgrade you’ll ever make.”
- “It smells like old money energy — for less than \$100.”

ANGLE 5 — Diffusers That Break / Mold / Leak / Fail (This One Actually Lasts)

WHAT IS THE MEANING OF THE ANGLE?

This angle positions Maison Croyez as the diffuser that *doesn't* get gross, moldy, leaky, or weak after a few months like most devices. Waterless technology means no mold, no buildup, no breakdowns — just long-term reliability.

WHAT REAL PROBLEM DOES IT SOLVE?

Most diffusers:

- grow mold
- stop misting
- leak
- crack
- lose scent output
- require constant cleaning

This solves the pain of:

“Every diffuser I’ve tried ends up disgusting or broken.”

3 PAIN POINTS:

1. Mold, water buildup, and disgusting residue.
2. Devices stop working after months.
3. Constant refilling, cleaning, and maintenance.

3 REASONS TO BUY FROM US:

1. Waterless technology = no mold, no mess, no bacteria.
2. Built to last years without losing performance.
3. Zero maintenance — plug it in once and forget it.

EXAMPLES:

- “No water. No mold. No problems.”
- “Finally, a diffuser that doesn’t die after three months.”
- “Other diffusers get gross — this one stays clean forever.”

ANGLE 6 — Safer Alternative to Candles

WHAT IS THE MEANING OF THE ANGLE?

This angle positions Maison Croyez as the modern, safe, elegant replacement for candles — no open flame, no soot, no smoke, no toxins, and no fire risk. A cleaner ritual with the same (or better) emotional payoff.

WHAT REAL PROBLEM DOES IT SOLVE?

Candles bring hidden issues:

- they barely scent the room
- they release soot and VOCs
- they burn out fast
- they're unsafe with kids/pets

This solves the fear of:

"I want my home to smell beautiful without fire, chemicals, or constant repurchasing."

3 PAIN POINTS:

1. Smoke, soot, and chemical concerns.
2. Candles don't fill the room.
3. They burn out and cost money to replace constantly.

3 REASONS TO BUY FROM US:

1. Clean, safe, flame-free fragrance.
2. Fills rooms far better than any candle.
3. Lasts weeks — not hours.

EXAMPLES:

- "It smells like a candle — without the fire hazard."
- "The clean upgrade your home deserves."
- "If you're done with candles... this is the next level."

ANGLE 7 — Room-Filling Performance (Weak Scents Are a Waste)

WHAT IS THE MEANING OF THE ANGLE?

This angle attacks the #1 complaint in the fragrance industry: diffusers and candles that produce weak, barely noticeable scents. Maison Croyez becomes the first solution that actually fills the room in minutes and stays present all day.

WHAT REAL PROBLEM DOES IT SOLVE?

Most diffusers “do nothing.”

The scent is faint, inconsistent, or gone in an hour.

This solves the frustration of:

“I’m tired of scents I can’t even smell.”

3 PAIN POINTS:

1. Weak scent output — “I can barely smell it.”
2. Fragrance disappears quickly.
3. Wasted money on products that don’t fill the room.

3 REASONS TO BUY FROM US:

1. Our diffusion fills the room in minutes.
2. Scents remain noticeable for days/weeks — not hours.
3. Balanced formulas = strong presence without being overwhelming.

EXAMPLES:

- “Finally... a diffuser you can actually smell.”
- “Soft, elegant — but undeniably present.”
- “If you’ve ever said ‘I can’t smell it,’ this is your upgrade.”
